Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

The Examiner is relying upon Applicant's arguments for the patentability of the instant claims, specifically Applicant's argument that the reference do not teach a non-water based lead mass in which an alkyl and a hydroxyalkylcellulose which is soluble in an organic solvent is present in the composition was found persuasive and therefore the rejection of the claims has been withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
